ORDERING INSTRUCTIONS

Agencies must utilize the order forms in this Order Packet to place their orders. Most agencies already have an idea on the type of component(s) they need. Agencies should work closely with Florida Transportation Systems Inc. to develop and finalize their plans. Based upon this consultation, Florida Transportation Systems Inc. will develop a proposed order based on the Agency's needs and transmit a copy of the plan to the Agency for verification and approval.

Contract #TRIPS-20-VM-FTS is to provide Virus Mitigation Components. Among the standard components and products available for the vehicle(s) are HEPA UV filtration systems and Driver protection barriers.

Included in this Order Packet are the following forms and information:

- Order Form that provides:
 - Component options and descriptions
 - Component prices
 - Installation options and prices

Please complete the order form by placing the number of items in the corresponding quantity column. Multiply the dollar figure in the cost column by the number of items in the quantity column to calculate a total cost for that item. Enter that amount in the total cost column. Add the total cost column amounts together to arrive at the grand total for the chosen components. The grand total will be the figure used on the Agency's purchase order.

Unless your component is funded in part by the FTA Section 5310 grant program, the Agency deals directly with Florida Transportation Systems Inc.

Once the details of the order are finalized, an Agency purchase order must accompany all orders placed with Florida Transportation Systems Inc. for those components not funded by the FTA Section 5310 grant program.

For all components funded through the FTA Section 5310 grant program, a copy of the completed order form and either an Agency purchase order or a check for the Agency's portion payable to Florida Transportation Systems Inc. must be emailed, faxed, or mailed to the CUTR 5310 Administrative Specialist:

The terms of the contract state that an Agency has ten (10) calendar days after receiving the component(s) to perform a Post Delivery Inspection and issue either a "Letter of Acceptance" or a "Letter of Rejection" to Florida Transportation Systems Inc. and the Florida DOT District Office contact. The "Letter of Rejection" will state and describe the areas to be found in noncompliance with the bid specifications, incompleteness, or any defective or damaged parts. Both of the letters are issued as a function of the DATACenter.

A component should be rejected if any items are missing, defective, altered, incorrect, or incomplete. New parts will be furnished and installed by Florida Transportation Systems Inc. at no cost to the Agency. If there is work involved, warranty or otherwise, to repair or place the component(s) in proper complete condition, such repairs will be made by an approved firm in accordance to the warranty provisions of the contract. Placing the component(s) in revenue service will automatically constitute "acceptance". In such circumstances, a "Letter of Acceptance" should still be issued to Florida Transportation Systems Inc. via letter of Acceptance of the components shall not release the Contractor from liability for faulty workmanship or materials.

For component(s) purchased without funding from the FTA Section 5310 grant program, the Agency should complete all necessary paperwork and submit its request to process the Agency purchase order payment within five (5) days after the delivery and/or acceptance of the component(s).

For all component(s) funded through the FTA Section 5310 grant program, the Agency should approve and process its purchase order to allow a check for the Agency amount to be sent to Florida Transportation Systems Inc. for its share of the components(s). If, instead of a purchase order, a check was provided at the order request time, forward all invoices to the CUTR 5310 Administrative Specialist along with a copy of the acceptance letter.

Upon receipt of the Agency's portion of the component(s), Florida Transportation Systems Inc. will contact the CUTR 5310 Administrative Specialist with a request to process the FDOT purchase order payment approval.

The total purchase price should be paid in full within sixty (60) days after acceptance of each component. Agencies should note that failure to meet the net 60-day payment terms could result in the assessment of interest and other penalties. Terms are those shown in Price Proposal Form E of the contract document. A 2% monthly service charge will be added to all past due accounts.
