

FLORIDA TRANSPORTATION SYSTEMS, INC. REPRESENTING ELDORADO NATIONAL BUS

ORDER PACKET

Contract #TRIPS-09-MD-FTS

MEDIUM DUTY BUS

CONTRACT # TRIPS-09-MD-FTS

ORDER PACKET FOR
31' ELDORADO NATIONAL MEDIUM DUTY BUSES
WITH 34,000 # GVWR
FLORIDA TRANSPORTATION SYSTEMS, INC.

General Information

The Transit Research Inspection Procurement Services (TRIPS) issued Proposal #TRIPS-09-MD-RFP to establish a series of state contracts for the purchase of Medium Duty Bus Type Vehicles. Through this process two contracts were awarded to two different vendors each representing a different vehicle manufacturer.

This Order Packet is for Contract #TRIPS-09-MD-FTS, which was awarded to Florida Transportation Systems, Inc. in March, 2009 to provide Eldorado National Medium Duty Type Vehicles in lengths of approximately 31 feet.

This Order Packet contains the necessary instructions and forms for agencies to place an order with Florida Transportation Systems, Inc. to purchase these vehicles. This information can also be found at the TRIPS website – <http://www.tripsflorida.org>. This Order Packet also provides guidance and clarity on the relationships between the seller, the buyer, and Florida DOT's TRIPS.

The complete Contract #TRIPS-09-MD-FTS is accessible from the TRIPS website and contains the following sections:

- Part 1 - General Requirements and Conditions, and Contractual Provisions (Including copies of all U.S. DOT Federal Transit Administration certifications)
- Part 2 - Technical Specifications
- Part 3 - Options
- Part 4 - Quality Assurance Provisions
- Part 5 - Warranty Provisions
- Part 6 - Paint Schemes.

For further information on the TRIPS and Contract #TRIPS-09-MD-FTS, please contact either Hank Cusack (813-974-7834) or Cindy Wooten (813-974-9771) at the University of South Florida Center for Urban Transportation Research (CUTR).

Vendor Information

To place an order for a vehicle under Contract #TRIPS-09-MD-FTS, contact Ray Cullers at Florida Transportation System, Inc.:

- **Address:** Florida Transportation System, Inc.
7703 Industrial Lane
Tampa, Florida 33637
- **Telephone #:** (800) 282-8617
- **Fax #:** (813) 864-0718
- **Email:** *rcullers@fts4buses.com*
- **Contact Person:** Ray Cullers, Sales Manager

Ordering, Delivery, and Payment

Procedures contained in this section will be used by agencies and vendors to provide guidance in the ordering of and payment for vehicles. Agencies should understand that each order placed with and acknowledged by Florida Transportation Systems, Inc. constitutes a contract between the purchaser and Florida Transportation Systems, Inc. only. The contract implies no duties or responsibilities by the University of South Florida, Center for Urban Transportation Research, or the Florida Department of Transportation. The terms and conditions of the said contract are to be administered and enforced by and between the purchaser and vendor. All parties are advised to fully review the full contract document available on the TRIPS website. Contract #TRIPS-09-MD-FTS will be the governing document.

Ordering Instructions

Agencies must utilize the order forms in this Order Packet to place their orders. Agencies are encouraged to contact and work closely with Florida Transportation Systems, Inc. in finalizing their orders, to fully understand the options available, to select the floor plans and seating selections, the paint schemes, and any special options or conditions that may impact the final order and purchase price. Please submit a separate order form for each vehicle ordered.

Contract #TRIPS-09-MD-FTS is to provide Eldorado National Medium Duty Buses in 31 feet length on a 34,000 lb. chassis. Among the standard components of this vehicle are:

- Cummins ISB-07, 6.7L engine
- Allison B300R five (5) speed automatic transmission
- Multiple floor layouts and seating options
- REI Public address system
- Standard paint scheme

Most agencies already have an idea on the type and number of seats and wheelchair positions needed to meet their floor plan requirements. A wide variety of floor plans are available. Agencies should work closely with Florida Transportation Systems, Inc. to develop and finalize their floor layout plans. Based upon this consultation, Florida Transportation Systems, Inc. will develop a proposed floor plan based on the Agency's needs and fax a copy of the plan to the Agency for verification and approval.

The Order Packet also includes illustrations of the basic vehicle paint schemes and the description of the available options to assist the Agency in completing your orders.

Included in this Order Packet are the following forms and information:

- Order Form that provides:
 - Base vehicle prices
 - Unit seating and wheelchair station prices
 - Paint scheme options and prices
 - Individual option and prices
 - Sample choice forms

- Sample Order Form – providing an example as how to complete the order form

- Description of Options

- Available Paint Schemes

Please submit a separate order form for each vehicle ordered. After determining the length of bus, floor plan, paint scheme and desired individual options, to complete the order form place the number of items in the corresponding quantity column. Multiply the dollar figure in the cost column by the number of items in the quantity column to calculate a total cost for that item. Enter that amount in the total cost column. Add the total cost column amounts together to arrive at the grand total for the vehicle. The grand total will be the figure used on the Agency's purchase order.

Unless your vehicle is funded in part by the FTA Section 5310 grant program, the Agency deals directly with Florida Transportation Systems, Inc.

Once the details of the order are finalized, an Agency Purchase Order must accompany all orders placed with Florida Transportation Systems, Inc. for those vehicles funded outside the FTA Section 5310 grant program.

For all vehicles funded through the FTA Section 5310 grant program, a copy of the

completed order form and either an Agency purchase order or a check for the Agency's portion payable to Florida Transportation Systems, Inc. must be mailed or faxed to the CUTR Section 5310

Program Coordinator:

Ms. Cindy Wooten
CUTR Section 5310 Program Coordinator
USF-CUTR
4202 E. Fowler Avenue – CUT100
Tampa, Florida 33620
Telephone: (813) 974-9771
Fax: (813) 396-9345

The CUTR Section 5310 Program Coordinator will verify the order accuracy, complete the request for the FDOT share, and forward the request to Tallahassee for the FDOT purchase order. When the FDOT purchase order number is assigned, the CUTR Section 5310 Program Coordinator will place the order with Florida Transportation Systems, Inc. and notify the Agency of the status.

Florida Transportation Systems, Inc. will provide written confirmation to the Agency and/or CUTR of the receipt of the order within seventy-two (72) hours of receiving the order with purchase order. At a minimum, the acknowledgement of the order will contain:

- The agency's P.O. number
- Date order was received
- Date order was placed with the manufacturer
- The production / Vin number when available
- Estimated delivery date (when available)

Delivery

Completed units must be delivered to Agency within one hundred and eighty (180) days from receipt of chassis or purchase order, whichever occurs last.

In the event of delay in completion of the delivery of vehicles beyond the date specified in the contract, in addition to any granted extensions agreed to in writing by the Agency, the Agency may assess as liquidated damages, twenty five dollars (\$25.00) per calendar day per vehicle.

Each vehicle purchased through the TRIPS shall be routed to the FDOT's Springhill Inspection Facility, located in Tallahassee, Florida, for an inspection prior to delivery to Florida Transportation Systems.

Florida Transportation Systems, Inc. should see that all noted write-ups are corrected prior to final delivery to the procuring agency. This inspection by the TRIPS is not represented as being "all inclusive" and in no way relieves the dealer from the required Pre-Delivery Inspection (PDI).

Prior to the vehicle(s) being delivered, Florida Transportation Systems, Inc. must perform a PDI. Upon completion of a PDI, Florida Transportation Systems, Inc. will be required to deliver the vehicles to the Purchaser. The dealer shall notify both the purchasing Agency and the FDOT District Office a minimum of 48 hours in advance to arrange a delivery time.

The vehicle shall be delivered with all Contractor/manufacturer's quality control checklists including road test and final inspection (properly completed and signed by an authorized plant representative). Other documents/items required at delivery include:

- Manufacturer's Certificate of Origin
- Application for Certificate of Title
- Bill of Sale
- Warranty Papers (forms, policy, procedures)
- Maintenance Schedule
- Operators' manual
- Invoice (To include contract number, P.O. number, VIN#, and agency name)

Final Acceptance

Delivery of the vehicle(s) by Florida Transportation Systems, Inc. does not constitute acceptance by the Agency. The vehicle will be considered "accepted" upon passing the inspection and issuance of an acceptance letter by the Agency.

The terms of the contract state that an Agency has ten (10) calendar days after receiving the vehicle(s) to perform the Post Delivery Inspection and issue either a "Letter of Acceptance" or a "Letter of Rejection" to Florida Transportation Systems, Inc. and the Florida DOT District Office contact. The "Letter of Rejection" will state and describe the areas to be found in noncompliance with the bid specifications, incompleteness, or any defective or damaged parts.

A vehicle should be rejected if any items are missing, defective, altered, incorrect, or incomplete. In the event a vehicle(s) is delivered incomplete or contains any defective or damaged parts, the said parts will be removed and replaced by Florida Transportation Systems, Inc. New parts will be furnished and installed by Florida Transportation Systems, Inc. at no cost to the Agency. If there is work involved, warranty or otherwise, to repair or place the vehicle(s) in proper complete condition, such repairs will be made

by an approved firm in accordance to the warranty provisions of the contract.

Placing the vehicle(s) in revenue service will automatically constitute "acceptance". In such circumstances, a "Letter of Acceptance" should still be sent to Florida Transportation Systems, Inc.

Acceptance of the vehicles shall not release the Contractor from liability for faulty workmanship or materials.

Payment

For vehicle purchased without funding from the FTA Section 5310 grant program, the Agency should complete all necessary paperwork and submit its request to process the Agency purchase order payment within five (5) days after the delivery and/or acceptance of the vehicle.

For all vehicles funded through the FTA Section 5310 grant program, the Agency should approve and process its purchase order to allow a check for the Agency amount to be sent to Florida Transportation Systems, Inc. for its share of the vehicle. If, instead of a purchase order, a check was provided at the order request time, forward all invoices to the CUTR Section 5310 Program Coordinator along with the acceptance letter.

Upon receipt of the Agency's portion of the vehicle, Florida Transportation Systems, Inc. will contact the CUTR Section 5310 Program Coordinator with a request to process the FDOT purchase order payment approval.

The total purchase price should be paid in full within sixty (60) days after acceptance of each vehicle. Agencies should note that failure to meet the net 60-day payment terms could result in the assessment of interest and other penalties. Terms are those shown in Price Proposal Form F of the contract document. A 2% monthly service charge will be added to all past due accounts.

- (1) Right Rear corner panel
- (1) Rear Bumper
- (1) Front cap excluding windshield
- (1) Engine Door
- (1) Set of Access door(s) and exterior door(s)

EXHIBIT E

FLOOR-PLAN LAYOUT

Most agencies already have an idea on the type and number of seats and wheelchair positions needed to meet their floor plan requirements. A wide variety of alternative floor plans are available.

Agencies should work closely with Florida Transportation System, Inc. to develop and finalize their passenger seating floor layout plans. Based upon this consultation, Florida Transportation System, Inc. will develop a proposed floor plan based on the Agency's needs and fax a copy of the plan to the Agency for verification and approval.
